

## Newsletter from the 3rd Scandinavian TCM Congress 1st–4th September 2011

Dear Colleagues of Classic and Traditional Chinese Medicine,

A brand new year has started, and as we are sure you know 2011 is the year of the 3rd Scandinavian TCM Congress. At this moment we have 20 internationally esteemed teachers longing to inspire you with their fantastic workshops and lectures within the congress topic. Whether you will participate for the first time or you have attended the two previous congresses, we have wonderful things in store for you!

### Chinese Medicine and the Fertile Spirit: Childhood, Nourishment and Long Life

It begins with a fertile spirit, wanting to grow into a human being, and the first step is the childhood. How can we use our Chinese medicine, from the very start, to support this fertile spirit into coming alive and realising its full potential with as much yin yang balance as possible?

Nourishment takes place on many levels. Nourishment is not just food, but also love, acceptance and support. And there must be room for failure as well, because we can learn and grow stronger through failure. In which way will the fertile spirit choose to gain long life? In Yang Sheng, Nourishing Life, there are many mountains to climb and deep seas to swim, but in the end every one is a unique and powerful soul that will rise to the sun.

We have invited many different teachers with different backgrounds within the field of Chinese Medicine in order to give you the opportunity to learn from the best at our congress. We are certain that you will not be disappointed, and that the congress will once again be a great success. We hope to see you there!

If you wish to know more about the congress, the teachers and the events, please feel free to visit our congress website and read all about our Scandinavian TCM Congress of 2011: [www.tcm-kongres.dk](http://www.tcm-kongres.dk)

## Congress film

[Watch our new congress film here...](#)

We are proud to present our own congress film, which will give you an impression of the previous Scandinavian congresses or maybe revive good memories. The film was made during the last congress in 2009 by Eitan Dotan from Israel. You may remember him from the congress, running around with his camera over his shoulder! The film will be made available on DVD, and we plan to send it to all the associations of Chinese Medicine, which we cooperate with, as well as all the schools of Chinese Medicine in Scandinavia. If you wish to receive the DVD, please feel free to contact us, and

We look forward to welcoming 20 [international and national teachers:](#)
